

*The note below can be customized as you wish.*

*Please try to **hand deliver** Big Five brochures wherever possible as that's been found to produce more quote requests and bookings!*

## **WHAT'S ON YOUR TRAVEL BUCKET LIST FOR 2018/2019?**

I truly hope that you enjoy **Big Five Tours & Expeditions Navigator Series™ Edition III brochure!** Digesting its colorful take on 40+ countries should give you some notions for your next journey. Hopefully we can chat about that soon.

I work with Big Five to create *customized luxury journeys* for discerning travelers like you who are looking for authentic and sustainable travel adventures throughout Latin America, Africa, Asia, and the South Pacific.

Read about their 24 Hour White Glove Service® guest assistance. This is a different level of peace of mind when you're in far off places. It is always available while you are away and Big Five is regularly in touch with you (and me) to ensure your trip is the best it can be.

Consider...

- an itinerary that we build together to make the most of these incredible destinations
- no groups of strangers
- no set departure dates ... go when it suits you ... just you and your family and/or friends
- private guides as and when needed
- as far off the beaten path or as adventurous as you want
- staying typically in high-end boutique accommodations that reflect the charm of each destination and where service is paramount

So let's chat when you're able about which of these countries or sample private tours looks the most interesting to you. Remember we tailor each trip with Big Five to suit YOU.

I'd like to help you plan the adventure of a lifetime!
